

GIVE YOUR TEAM THE FREEDOM TO DO MORE

Telstra Business Fleet Plus gives you:

Free intra-account calls and SMS in Australia between eligible mobiles on the same account

Let your team talk as much as they need to, with free calls and SMS messaging between other fleet plans (like Business Fleet Plus, Business Fleet Connect, Business Mobile Advantage, Business Mobile PLUS and Business Fleet Select) on the same account in Australia.

Share monthly call and data allowances

Help and save on excess usage charges by sharing your monthly call allowances between eligible fleet plans like Business Fleet Plus, Business Fleet Connect, Business Mobile Advantage, Mobile PLUS, Business Mobile Fleet Select. And your monthly data allowance is shared between Business Fleet Plus, Business Fleet Connect and Business Mobile Advantage services on the same account while in Australia.

More mobiles means better value

The more Business Fleet Plus services you have on the same account, the lower your standard national call rates become.

SMS Bonus and MessageBank®

Send unlimited SMS to standard Australian numbers (excludes use overseas). Receive unlimited MessageBank® diversion and retrieval in Australia or MessageBank Plus if you have an iPhone.

Flexibility with casual options

If you take up our casual plan option, you have the flexibility to add or remove Business Fleet Plus services with no penalty. Great for managing your business needs as they grow and change.

Monthly Loyalty Credits

Get monthly Loyalty Credits when you bring your own handset (including outright purchase or Mobile Repayment Option). Not eligible with Smartphone Bonus Offer or a casual plan option.
